

Rules of the Game

Julie Kanevsky

- **Part I: Attitude**

- Excellence is doing ordinary things extraordinarily well.

John Gardner

**DEMAND
EVIDENCE
AND
THINK
CRITICALLY**

TRUST

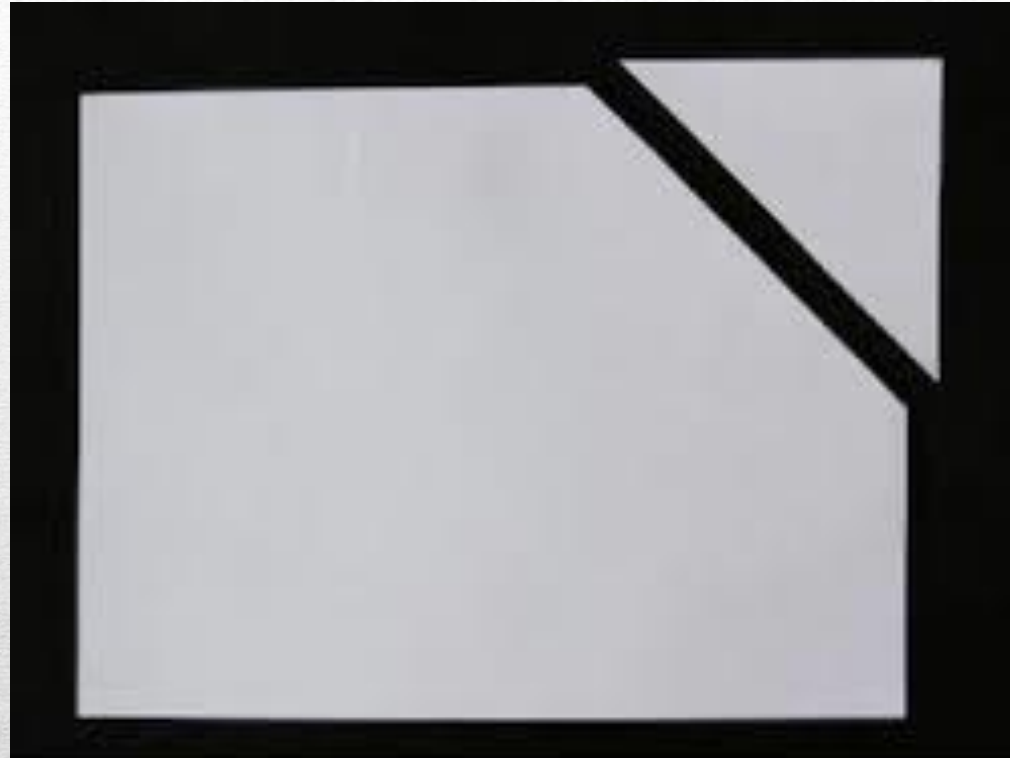

Details matter.

- Don't guess when reporting data.

Take notes

Avoid the iPatient trap

- If you don't know, ask someone and then look it up
-

~~What would you like to do?~~

“

**He who asks a
question remains a**

**FOOL FOR
FIVE MINUTES.**

**He who does
not ask remains a**

FOOL FOREVER.

”

CHINESE PROVERB

Know why you are doing things

- **I don't know YET**

- **Part II: Patient Care**

- Get data from old chart/other hospitals/prior imaging
- Cr 1.7

Data collection

• **Orders ~~=~~ Actions**

- Everything that can go wrong, will.

Outpatient follow-up

- Document events – short and sweet

Avoid chart wars

- 
- 
- CBC, BMP, Coags Daily x 7 days
-

Your brain on daily labs

• **CoPaGa**

- **Round on your patients in the afternoon**

- **Talk to the patient and family members**
-

Welcome to the best years of your life!

Thank you! Questions?
